WHO WE ARE

Founded in 1999 by Mr. Arif Kalam, Florid International is a family-driven manufacturer and exporter specializing in equestrian products, dog accessories and leather belts.

With corporate headquarters and specialized manufacturing facilities across Kanpur and Unnao, India, the company blends skilled craftsmanship with dependable production and export capability.

OUR STORY

Built on leather craftsmanship, quality and dedication, Florid International has evolved across generations. In 2012, Azhar Kalam joined the business after professional training in leather processing, introducing modern techniques and innovation.

The next generation strengthens the company through real equestrian knowledge and product-development expertise. Asad Kalam brings national-level riding experience in Dressage and Tent Pegging, while Anzar Kalam contributes specialization in fabric processing techniques and product development.

Today, this combination of tradition, technical knowledge and practical understanding of horses guides the creation of durable, functional and finely crafted products for customers worldwide.
